MILK HAS ALWAYS NEEDED A COW. UNTIL NOW.

→ **MILK**

→ **OATISH**

Dancing Cow sells oat milk.
The cow is completely unnecessary.
That contradiction is **the opportunity.**

FROM A MASCOT → TO A BRAND ASSET.

WE DIDN'T GIVE THE COW A PERSONALITY. WE GAVE THE BRAND A POINT OF VIEW.

01

BRAND TRUTH:

No cow is needed to make Oatish.

↓

02

BRAND POV:

Then why should the cow be working?

↓

03

CREATIVE TERRITORY:

THE COW IS OFF DUTY.

FREEDOM + PLAYFULNESS + CONSCIOUS CHOICE

The contradiction at the heart of the category becomes a repeatable brand world — where the cow isn't selling milk, she's enjoying everything she never got to do while being associated with it.

ONE BRAND TRUTH.
ENDLESS REASONS TO DANCE.

OFF-DUTY DIARIES — A recurring social world where the Dancing Cow gets to live her life — outside the job everyone assumes she has.

01 **COFFEE RUN**

The cow's morning ritual

02 **PLAYLIST ON**

What is the cow listening to?

03 **CAFÉ HOPPING**

Where is the cow getting her Oatish fix?

04 **WEEKEND MODE**

The cow is not working. Please respect her boundaries.

05 **CHOOSING PLANT-BASED**

The cow gets to choose the planet too.

WHAT MADE THE COW DANCE TODAY? → The audience suggests the next off-duty episode.

THE GOAL ISN'T MORE CONTENT.

IT'S MORE RECOGNITION.
